McCain School Veggie Patches

McCain School Veggie Patches is a great way for primary school children to learn more about the goodness of vegetables. McCain School Veggie Patches show that veggies are natural and come straight from the goodness of the earth.

Primary schools around Australia and New Zealand are invited to build their own veggie patches and grow their own vegetables. To lend a helping hand, McCain is giving away over \$500,000 worth of veggie patch equipment to primary schools during 2011.
